CLAY, COLOR & FIRE

A Collaborative International Mosaic Project

at the Theodore M. Berry International Friendship Park

Column height: 10 feet
Column circumference: 6.28 feet
Portion of column to be covered with handmade tiles: 7.5 feet by 6.28 feet

The building facade has 6 - 24" columns.
The interior has 2 - 12" columns.

Below are samples of unglazed, slip decorated, gas fired ceramic tiles combined with glass, natural stone and commercial brick inlays.
